2. Floating License becomes available

Finally, a floating license will become available for Astah SysML on December 1st, 2022.

	Price in USD	Price in EURO	Product Part Number
1 Seat	\$270	€230	AY1FLE-012
10 Seats	\$2,400	€2,100	AY1FLE-112
50 Seats	\$11,000	€9,600	AY1FLE-512
100 Seats	\$20,000	€17,500	AY1FLE-A12

Floating license is the best option if more than one person in your team uses Astah SysML.

The [annual individual license](#) would be tied with each user. So if someone else in your team wants to use Astah SysML, you will have to purchase an individual license for him/her or transfers the license to a new user from the old user every time the user changes.

On the other hand, floating license allows anyone in your team to use Astah SysML at any time they want without a hassle as long as they have access to the license server.

3. End-of-Sales of Organizational License

As a floating licensing becomes available, we decided to discontinue the sales of Astah SysML Organizational Annual License on November 31st, 2022.

We will advice the customer with active Astah SysML Organizational Annual license for how to renew their license directly.
